Jazz Legend Terry Gibbs just turned 97 years old and has been a big part of our events for over thirty years. His career has encompassed many eras and has created one of the most significant musical legacies in the history of jazz and big band music. Please plan to join us as we celebrate his legacy in a big way. It will be a musical "this is your life" that will be very special. Throughout the four day event there will be concerts of bands that he was part of plus concerts of his own groups large and small.
